These attacks on Sherman, which attribute to him a corrupt use of the pat-ronage and powers of his office to further his Presidential aspirations, have this significance: they show that Sherman's candidacy is becoming formidare seriously alarmed at the recent rapid development of his strength in every section of the country than that early stage of the canvass to inaugurate what has all the signs of a preconcerted war of defamation. The New York Tribune shows an aptitude for hitting the nail directly on the head, when it says:

SUNDAY MORNING, FEB. 15, 1880.

"The Democrats are not entirely wanting in horse sense. They have a pretty clear perception to whose genius the Republican party is indebted for its present bright prospects. Hence they reserve their choicest epithets for John Sherman."

We hear it intimated that the Raleigh correspondent of the Times is going up to Pennsylvania, to get up "indignation meetings" against the manthe Sherman and Blaine delegates, whom they wanted to send to Chicago.

It is rumored that some gentlemen at Raleigh who have taken on such a disgust against Mott and Canaday because they dare act on the State Comoffice, are writing letters over the state urging the getting up of indignation meetings.

Col. Thos. B. Keogh is in Washington and has appeared in his one hundred and ninety-ninth interview, before "H. C." of the Times. He forgot to state that he was an office holder of the United States, being a Commissioner in Bankruptcy, and at the same time having the audacity to hold a place on the State Committee of North Carolina, and the Secretaryship of the National Committee, contrary to the rules of the Civil Service, just in the manner of the rest of our North Carolina fellows who are only holding lower and unjudicial offices.

A preacher out west went to preach on trial to a congregation, which a friend informed him liked a little Latin or Hebrew or Greek. Unfortunately he knew nothing of either, but he did speak good Welch, having been raised in Wales. So he gave several passages in Welch muc to the gratification of the Deacons and members, when he noticed a ventleman in a rear seat laughing as if he would burst. He took in the situation at once and said in Welch "For God's sake, my friend, don't say a word about this till I have a chance to talk with you." The candidate was settled, the man never told, and the church boasted that their preacher could read the Bible in five old languages.

Senator Gordon, whose latest appear ance before the public until the present me was in advocating a grand "policy silence," seemed to forget his own tical teachings and inaugurated on Friday a fresh "policy of hatred" not only to Republicans but to his Democratic colleagues who will not respond to his bitter attack on Simmons, who was recommended by Felas, the independent member from the Serenth district. Simmons is a Repubcan, was a strong Union man, and in letter of application to the President, le sars he desires the office (after a ithful discharge of its duties), as a rictory over the men who cursed and wiled him for giving Hayes and

It seems that a letter appeared in certain Georgia papers, purporting to have been taken from the files of the Census office, written by Mr. Felton, Independent Member from the Seventh District of Georgia, recommending Simmons as a Supervisor of Census, and that this letter was unknown to the President or Gen. Walker, and was carreptitiously injected on the files for the purpose of injuring Felton.

It is assumed that no means are left untried to injure Republicans in the ional hate and malice can devise-and t is held that General Gordon is hazng more than he is aware of if he a tampered letter. It is well for him be careful before he springs a mine

In addition to all these devices, a al slander was set on foot against is man, who has been a minister for all saits of nucleen years, charging an infamous rime, which invaded the sanctity of his own tamily. This infamous statement was hurled in the teeth of the landerers, and they are branded with the infamy of the charge at home, where the matter was set on foot, while General Gordon managed the persecution in Senatorial circles here in this city. The letters published through Gordon's agency was a mass of bad orthography and worse punctuation .tions, and no doubt there is a deep-laid cheme to ruin the man because he was not a follower of Gordon's crowd.

Before this packed committee he deaimed in his most tragic style against Sumons, Felton, Republicans, and In-dependents, organization, treason, Radials, &c., until he worked himself into ADRIAN & VOLLERS, a towering rage, and finally brandished ong arms and flourished his clerched fists over meagre little Stephens like a fool and a madman. An eye-witness represents the motions, imitating Gordon's snorts and gyrations, screaming out to little Aleck; "I'll hold you perconally responsible, sir!" until we shook over with convulsed laughter. It must have been a right rarely seen in

NO THIRD TERM.

There is no doubt that the great mass of the German vote is hostile to the Third Term. The following is the declaration of the German-American Republicans of Albany on the subject, which is very much to the point:

We, German-American Republicans of the state of New York, believing at the present time, when the census of 1880 will forever remove the remotest possibility of a restoration of the remnants of a southern oligarchy to political power in the nation; when the success of resumption of specie payments inaugurated Jan. 1, 1879, has advanced the material prosperity of all business were the official quotations here: men, manufacturers, farmers, and producers; when the credit of the nation is raised to a premium above par, and when all its obligations are promptly Middling met by the government; when peace Good Middling met by the government; when peace reigns at home and friendly relations are maintained by the United States with all the world, that no excuse or emergency exists that could possibly justify an innovation upon time-hon-ored customs in our Republican form of government, hereby call upon our German-American fellow-citizens to meet on Tuesday, the 24th day of Feb. ruary next, at the city of Syracuse, to give expression to our views, and thereby undeceive, if possible, those Republican party leaders who would force the unnecessary, unjustifiable, and perilous issue of a "third term" upon the people of this and other states, and thus threaten Republican success at the polls

ALBANY, N. Y., Feb. 9, 1880.

The Philadelphia Times says that the 80,000 Republican voters of Philadelphia are almost unanimously against Grant and the Third Term, and that the Republicans of the state of Pennsylvania are overwhelmingly against both. The evils of sensational literature for the young are well known, and the want of an antidote has long been felt. This is supplied by Harrer's Young People, a beautifully illustrated weekly journal, which is equally devoid of the objectionable features of sensational juvenile literature and of that moralizing tone which repels the youthful reader.

The Volumes of the Young People begin with the first Number, published in November of each year. When no time is mentioned, it will be understood that the subscriber wishes to commence with the Number next after the receipt of order.

It is a startling fact, that quinine, arthe basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were intended to cure. Aven's Ague Cure thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack.

For Liver Complaints, Aven's Acres CUEE, by direct action on the liver and biliary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition.
